WIZARD  
OF  
OZ

<b>Event Name</b>	High School Prom
<b>Date</b>	March 30, 2019
<b>Event Theme</b>	Wizard of Oz
<b>Strategic Goals</b>	Create a stunning and unforgettable prom Exceed expectations and caliber of typical dances Transport guests to the wonderful Wizard of Oz Maximize budget to provide memorable experience

We want to take your guests on a journey through the magical land of Oz as they make their way to the Emerald City. When guests enter, they will make their way through the emerald grand entrance. Once they step into the venue, the walls and ceiling will be washed with emerald green uplights. Roaming Oz characters will greet, interact and entertain guests. These characters provide a perfect photo op! Guests may get lost on their way to the Emerald City in the haunted forest where towering stilt walkers are dressed as the haunted forest trees!

Special lighting will be used to create the yellow brick road projected onto the floor of the venue. When guests take a seat at the seated round table with sparkling sequin linens, they will see the Wicked Witch's emerald LED crystal ball as the centerpiece.

The highlight of the prom will be the 12-piece live band keeping the party going and taking requests from guests. When guests step off the dance floor, they can have their photo taken at the photo booth where they can select from several custom Wizard of Oz backdrops. Several oversized props will be set up around the venue including the iconic Emerald City and Munchkinland.

This prom will be unlike any other as we transform your venue into the enchanting, magical, and mesmerizing land of Oz. Your guests will certainly know they are not in Kansas anymore!
