Prom
2019

Event Name	High School Prom
Date	Saturday, April 13, 2019
Event Theme	Hollywood
Strategic Goals	Create a stunning and unforgettable prom Exceed expectations and caliber of typical dances Make guests feel like VIPs and Hollywood royalty Maximize budget to provide memorable experience

We want guests to feel like VIPs and Hollywood royalty as they are transported to the city of lights with glamour, sophistication, and class. As guests enter the venue, they will feel like stars walking the red carpet and stopping to have their photos taken by a posse of paparazzi. Classic Hollywood colors will cover the venue with reds, blacks, and golds. Each seated table will be decorated with luxury ostrich feather centerpieces, a popular accessory in the classic Hollywood era. The ostrich feathers will sit atop of a vintage-inspired vase surrounded by gold beaded votive candles.

When guests need a break from the dance floor, they can feel like celebs and get their photo taken in front of the Hollywood step-and-repeat backdrop. Prom guests will also have the opportunity to watch an old Hollywood silent black and white film projected on an outdoor theatre screen, which included a glamorous lounge vignette.

To complete the look and feel of a night in Hollywood, the Hollywood sign will be set up along with classic Hollywood novelty decor placed throughout the venue. This evening will be a truly memorable experience for your guests and unlike any prom as they become Hollywood celebs for the night!

Color Scheme

Famous for a Night

To really give your guests the Hollywood VIP experience, a team of paparazzi will be stationed at the entrance to take photos of guests as they walk the red carpet. Your guests will feel like movie stars as the photographers capture pictures and shout with excitement.

Silent Movie

A silent movie has been a hit at proms and can be set up on the patio to play a silent movie of your choice! This is a fun option to create a vintage ambiance to enhance the theme. The silent movie includes the screen, projector, and movie!

Suggested movie: Casa Blanca

ProjectorScreen

Centerpieces

Ten ostrich feather centerpieces will adorn each table helping to complement and enhance the classic components of Hollywood in the 1920's. The ostrich feathers will sit atop of an elegant, yet vintage vase. Additionally, votive candles will be used to decorate the tables.

Uplighting

A total of 20 uplights will be used around the venue to wash the walls in color, adding to the ambiance and decor. Colors will be chosen to enhance the Hollywood theme!

Hollywood Lounge

A large lounge vignette will feature a mix of burgandy and gold furnishings and offer a soft seat for guests while bringing thoughtful design into the venue. The vignette can be set up on the patio for guests to relax as they watch the silent movie.

Step and Repeat

A Hollywood Step and Repeat backdrop will be set up to complement the theme. Just like at Hollywood premieres and award ceremonies, your guests will be VIP stars getting their photos. This custom backdrop is the perfect addition for a photo booth background or selfie station.

Red Carpet Entrance

A Hollywood red carpet will line the entrance to the venue, leading guests into their star-studded and elegant night in classic Hollywood. Up to 25 ft of red carpet will be set up at the entrance of the venue with 2 glamour wall panels. This entrance will work perfectly with the paparazzi setup and create an unforgettable GRAND entrance.

Hollywood Sign

What is Hollywood without the Hollywood sign?! A Hollywood sign will be set up at the entrance or inside the courtyard. Just like in LA, lights will illuminate the sign to make it stand out!

Novelty Decor

Hollywood novelty items will be used to add details throughout the venue enhancing the glitz and glamour!
